About Digirad

Digirad delivers convenient, effective, and efficient healthcare solutions on an as needed, when needed, and where needed basis. Digirad's diverse portfolio of mobile healthcare solutions and medical equipment and services, including diagnostic imaging and patient monitoring, provides hospitals, physician practices, and imaging centers throughout the United States access to technology and services necessary to provide exceptional patient care in the rapidly changing healthcare environment. For more information, please visit www.digirad.com.

About the Sidoti Emerging Growth Convention

The Sidoti Fall 2016 Emerging Growth Convention will focus on companies with market capitalizations of \$600 million and less, connecting their executive management teams with Wall Street's top small- and micro-cap institutional and high-net-worth investors, research and investment banking professionals and other key stakeholders in the micro-cap investment community. The convention will feature approximately 75 public companies with solid franchises. Past attendance comprised approximately 400 investment professionals, including nearly 275 registered institutional investors.

About Sidoti & Company, LLC

Founded in 1999, Sidoti & Company has become the leading provider of equity research focused on publicly-traded companies with market capitalizations of generally less than \$3 billion. Our coverage universe comprises nearly 300 equities across a broad array of industries. Most of these companies have a history of profitability and balance sheet strength. Our clients are the leading institutional investors in the small- and micro-cap markets in the U.S., Canada and the U.K. Our approach affords institutional investor clients a combination of high-quality research, a small- and micro-cap company focused nationwide sales effort, broad access to corporate management teams, and extensive trading support. For more information, please refer to www.sidoti.com.
